To: Whom it may concern,

I operate a volunteer fire district located in unincorporated Jackson County Missouri. Our district is unique because we are the only Volunteer Fire District in the urban area of Kansas City. We operate in a high crime, low income area. Although we apply for grants every year we always fall short of getting the grants. We depend a lot on donations and fund raisers to buy equipment that we need. Unfortunately trying to get volunteers is a job itself and then to advise them that they must raise money to buy equipment is another. I am requesting any help that your department could provide in assisting us. The following items are some things that we could use to help provide a better quality fire district. Anything that you could help with would be greatly appreciated. I also will provide a separate letter releasing any and all liability for any equipment or items that would be donated.

1. Fire gloves
2. Fire helmets
3. Nomex Hoods
4. Bunker Pants Suspenders
5. bunker gear newer than 15 years' old
6. old MSA mask or parts
7. Any extrication equipment
8. Fire hose
9. Hard suction hose
10. Siamese inlet
11. Nozzles
12. Storz different sizes
13. Halogen tools
14. Flashlights (we could use the parts of old ones)
- 15., any medical equipment (K.E.D., traction splints, 12 lead Defibrillator with EKG capabilities)
16. Any M.S.A. mask or S.C.B.A. Equipment
17. Lights & Siren for a brush truck.
18. Rope polyester
19. Air Bags for lifting
